

**SUMMER SCHOOL**  
**HEALTH & HEALTHCARE SCIENCE**

# WHAT IS SUMMER SCHOOL?

Our Health & Healthcare Science Summer School is a three-week online introduction to our Industry Excellence Academy T Levels and T Level Transition Programmes.

Students will take part in a project based learning experience to demonstrate their creativity, teamwork and problem solving skills, as well as their resilience, timekeeping and commitment.

The programme is designed to inspire students to think like healthcare practitioners, through a range of project-based learning challenges.

Attendance at the Summer School is part of the application process and successful completion of this programme is an entry requirement for the Level 3 T Levels and Level 2 Transition Programmes in:

- ↑ Industry Excellence Academy - Transition Programme – Health and Science
- ↑ Industry Excellence Academy- T Level – Health (Assisting Adult Nursing)
- ↑ Industry Excellence Academy- T Level – Health (Care of Children and Young People)
- ↑ Industry Excellence Academy- T Level – Healthcare Science (Assisting Healthcare Science)

At the end of the Summer School, students must produce a resource to promote health education and present their project back to their teachers.

The next stage in the selection process is an online or face to face interview with subject specialists in Health and Healthcare Science.

# WHAT CAN I EXPECT TO LEARN?

You will learn by completing a project which contains elements of research and the production of a health resource to support a positive change in health behaviours. You will also be faced with several challenges and problems that are often found in health settings that you will need to work through and resolve.

Topics covered include:

- ↑ **Health** - Effective communication, Person centred care, Health education
- ↑ **Healthcare Science** - Handling Data, Infection control, Health and Safety of environment

# WHY SHOULD I ATTEND?

Attendance and successful completion is part of the entry requirements for T Levels and Transition Programmes. Summer School gives you the opportunity to:

- ↑ Get a taster of the course content and decide if it's right for you and your career goals
- ↑ Meet your tutors
- ↑ Demonstrate your talent and potential if you are concerned about your grades and meeting the entry requirements for the T Levels or Transition Programmes.

Those successful in gaining a place on the T Levels or Transition Programmes will be eligible for the 'T Award', a package of benefits that includes:

- ↑ £300 per year bursary\*
- ↑ Access to industry standard laptop\* (as appropriate)
- ↑ Opportunity to take part in exciting college-wide competitions
- ↑ Minimum 20% delivery by industry experts
- ↑ Minimum 15-day (Transition Programmes) or 45-day (T Levels) industry placement with leading employers
- ↑ Free branded work wear
- ↑ Specialist training such as manual handling and first aid training.

*\*Subject to requirements including 95% attendance, positive attitude and grade profile.*

# WHEN DOES SUMMER SCHOOL TAKE PLACE?

The Health & Healthcare Science Summer School starts on **Monday 5 July 2021 at 10:30am** and runs for three consecutive weeks.

Online classes are split into two sessions per week and take place every Monday and Wednesday between 10:30am - 12:30pm, with a drop-in tutorial on Thursdays.

Students will also be required to complete home study on the days not in class.
