

SUMMER SCHOOL
CONSTRUCTION

WHAT IS SUMMER SCHOOL?

Our Construction Summer School is a three-week online introduction to our Industry Excellence Academy T Levels and T Level Transition Programmes.

Students will take part in a project based learning experience to demonstrate their creativity, teamwork and problem solving skills, as well as their resilience, timekeeping and commitment.

The programme is designed to inspire students to think like Architectural, Construction and Engineering professionals, through a range of project-based learning challenges.

Attendance at the Summer School is part of the application process and successful completion of this programme is an entry requirement for the Level 3 T Levels and Level 2 Transition Programmes in:

- ↑ **Building Services Engineering (Electrical Installation)**
- ↑ **Onsite Construction (Carpentry and Joinery)**
- ↑ **Design Surveying and Planning (Built Environment)**

At the end of the Summer School, students produce a written report and present their project to their teachers and the sponsoring employers.

The next stage in the selection process is an online interview with the sponsoring employers.

WHAT CAN I EXPECT TO LEARN?

Topics covered include:

- ↑ **Design Surveying and Planning** Construction Projects and Team Roles, Design Concepts, Materials, Report Production
- ↑ **Building Services Engineering** Construction Projects and Team Roles, Planning for Electrical Installations, Installation Design Concepts, Materials, Report Production
