

T LEVELS:
EDUCATION AND EARLY YEARS

WHAT ARE T LEVELS?

T Levels are a new Level 3, two-year technical programme that provide you with a high-quality alternative to A Levels. They have been developed in collaboration with employers, and combine theory, practical and classroom learning with a minimum 59-day industry placement. If you opt to take a T Level you will spend 20% of your time on an industry placement and 80% in the classroom.

After completing the course you can progress directly into work, on to a Higher Apprenticeship or study a university degree, as T Levels are awarded UCAS points.

We offer the following T Levels in Education and Early Years:

- ⤴ Education and Early Years (Educating Early Years)
- ⤴ Education and Early Years (Assisting Teaching)

These subject areas have been chosen to align with anticipated high demand skill areas for Greater Manchester and the wider North West region in the coming years.

WHO CAN STUDY A T LEVEL?

T Levels can be studied by any young person aged 16-18 and students up to age 24 who have an Education, Health and Care Plan (EHCP).

If you are interested in taking a T Level you will need to achieve the below entry requirements:

- ⤴ Minimum of five GCSEs at Grade 4 or above including English and maths
- ⤴ Attend an interview
- ⤴ Attend our Jump Start to T Levels programme.

If you don't quite achieve these grades and would still like to pursue a T Level there is the option of a one-year T Level Foundation Year, which will then allow you to move on to a T Level the following year and gain a qualification at the same time*. Additionally you may still be accepted on a T Level if you successfully complete the Jump Start programme and interview regardless of achieved grades.

We offer the following T Level Foundation Year as part of our Industry Excellence Academy:

- ⤴ Education and Early Years (Working in Early Years and Primary Settings)

*Subject to meeting the course requirements.

JUMP START TO T LEVELS

Both our T Levels and T Level Foundation Year require completion of our Jump Start to T Levels programme as an entry requirement.

The Jump Start programme is a two-week introduction to our Industry Excellence Academy, T Level and T Level Foundation Year programmes, where students can meet their tutors and experience what learning at The Manchester College is like.

Students will take part in a learning experience to demonstrate their creativity, teamwork and problem solving skills, as well as their resilience, timekeeping and commitment.

The programme is designed to inspire students to think like early years educators and primary school practitioners through a range of learning challenges.

Topics covered on the Jump Start programme include:

- ⬆ **Supporting education (working in early years and primary settings)**
- ⬆ **The role of the childcare practitioner**
- ⬆ **Assisting teaching**
